Dr. McBride has been with Owens Corning for 34 years and is a Senior Research Associate. He received his degrees in Mechanical Engineering from the Ohio State University and is a registered professional engineer in Ohio. His technical focus has been the energy performance of residential and commercial buildings which he has used in the development of U.S. energy codes and standards. Dr. McBride has been an active member in ASHRAE at the national level since 1976, has served on several Technical Committees and was a contributing author to handbook chapters. His current committee appointments include: Standards 90.1, 90.2 and 189.1. He has been on all six of the ASHRAE Advanced Energy Design Guide committees. Dr. McBride has published 46 technical papers, was awarded two U.S. patents, and received multiple awards from ASHRAE and industry.
