Mr. Laverne Dalglish is a principal in the bpc Building Professionals Consortium, which designs, develops and delivers site quality assurance programs for the construction industry. Laverne has been actively involved in the construction industry for over 32 years and has specialized in building envelopes, energy efficiency and building performance for over 20 years. Laverne is a frequent presenter across North America on a variety of topics as they relate to building envelopes, energy efficiency, green building practices, standards and quality of construction. Laverne is actively involved in the standards development process and is currently the Chairman of Underwriters Laboratory of Canada (ULC) Thermal Insulating Materials and Systems, and the Chairman of ULC's Committee on Air Barriers. He is also an active member in American Society of Testing and Materials (ASTM), Canadian Standards Associations (CSA), Canadian General Standards Board (CGSB) and is the Secretary of two, International Organization for Standardization (ISO) development committees. Laverne is currently the Executive Director of the Air Barrier Association of America.
