Mr. Thornburg has been an employee of Tatley-Grund, Inc. since 1996. Joel spent the early portion of his career with Tatley-Grund, Inc. installing joint sealants, traffic coatings, metal and fluid-applied flashings, and various other waterproofing details. In 1998, he transferred from Tatley-Grund's Repair Division to the Investigations and Testing Division where he spent 6 years as a technician, performing ASTM and AAMA tests on windows, doors, and wall systems as well as performing forensic investigations of building envelopes. Joel currently manages this division of Tatley-Grund and operates their state of the art testing facility in Edmonds, WA.

The Board of Directors of the Seattle Building Enclosure Council appointed Joel Director of Education after the position was vacated earlier this year.
