

The background of the entire page is a composite image. The top half features a dark blue sky filled with numerous white and yellow stars, resembling a star field. The bottom half shows a panoramic night view of a city, likely San Diego, with its lights and buildings visible against the dark sky. The city lights are a mix of warm yellow and orange tones, with some brighter spots from streetlights or buildings. The overall effect is a blend of natural beauty and urban development.

Fusion Energy the 21st Century Challenge

Creating an abundant, clean and
safe global energy supply

Virtual Laboratory for Technology

A partnership between fusion science
and technology

Working together
to address the technology
aspects of the
U.S. Department of
Energy's Fusion
Energy Science Program

Hosted by the
University of California,
San Diego
