

The Mercury Component

of the

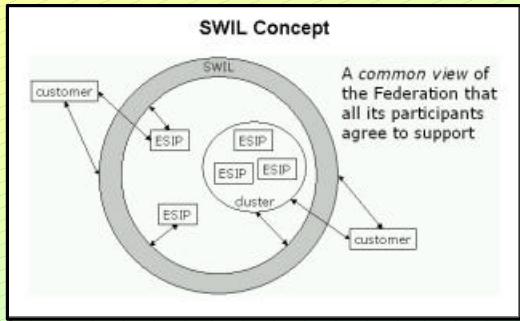

ESIP System-Wide Interoperability Layer (SWIL)

ORNL DAAC, Oak Ridge National Laboratory

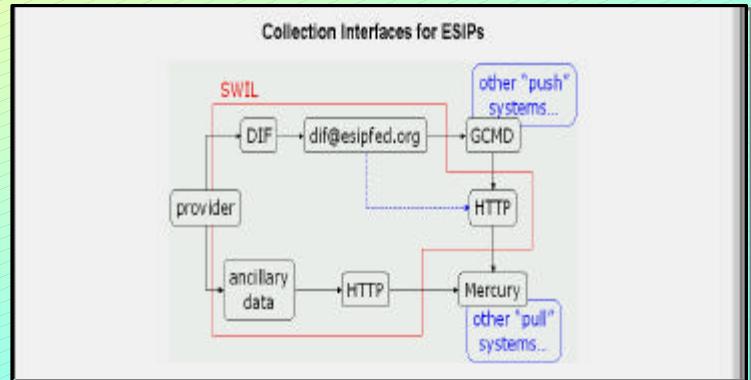

Tim Rhyne, Systems Engineer, btr@ornl.gov
 Larry Voorhees, DAAC Manager, lvd@ornl.gov
 Paul Kanciruk, Program Manager, pkk@ornl.gov

Concept

A vision of the overall SWIL concept and of the collection of interfaces to the SWIL as finalized by the *Federation Interoperability Working Group* in September 1999 and presented to the Committee of the Whole on 20 January 2000.
