*Senior Technical Staff, Regulatory Compliance,*

- Provide support to UCOR (DOE ORR prime contractor) in the development of regulatory requirements for CERCLA documentation and analysis of related legal and regulatory issues for the Department of Energy (DOE) Oak Ridge Reservation (ORR).
- Provide support to Leidos (formerly SAIC) in the development of regulatory requirements and analysis of related legal and regulatory issues at DOD installations.
- Support DOD in the development of regulatory requirements, analysis of related legal and regulatory issues, and review of DOD documents for 72 installations located in 32 states under the Comprehensive Environmental Compensation and Liability Act (CERCLA) and Resource Conservation and Recovery Act (RCRA) environmental programs.

#### **Prior Tasks:**

- Provide support to Department of Defense (DOD) as a subject matter expert to serve on the Army's Independent Technical Review Team (ITRT) panel which peer reviews the environmental remediation programs across the United States at Army Installations.
- Provide support to the DOE prime contractor at the Paducah Gaseous Diffusion Plant by conducting peer reviews of CERCLA documentation at the Paducah Gaseous Diffusion Plant as well as assisting the DOE prime contractor's staff with the development of regulatory requirements and related legal and regulatory issues.
- Support the Department of Homeland Security Chemical Restoration OTD Project as a member of the Decontamination and Waste Management Panel and the Chemical OTD Guidelines Team to address legal and regulatory issues associated with the response to a chemical terrorist attack at a major airport.
- Provide instruction to, and serve as an information resource for, the DOE and DOE-subcontractors on the CERCLA applicable, relevant and appropriate requirements (ARARs) process through presentations, computer-based tutorials, and support documents outlining potential state and federal requirements.

**Licensed to practice law in Tennessee October 1992**
