**Research Interests** Computational imaging, super-resolution, remote sensing, time series classification, explainability, vulnerability modeling, and biometrics applications

**Education**

**Ph.D, Applied Mathematics** (Aug 2021) — Purdue University

**B.S. Mathematics** (May 2015) — University of Nebraska - Lincoln

---

**Professional Experience**

Oak Ridge National Laboratory — Oak Ridge, TN
**R&D Staff Member** — Apr 2025 - present

- Propose and lead projects relevant to national security.
- Interface with and present progress to sponsors.
- Mentor junior staff members and interns

Oak Ridge National Laboratory — Oak Ridge, TN
**Associate R&D Staff Member** — Aug 2021 - Apr 2025

- Lead projects and present progress to sponsors monthly.
- Collaborate with group members on research problems relevant to national security.
- Mentor junior staff members and interns

Purdue University — West Lafayette, IN
**Research Assistant** — August 2017 - August 2021

- Worked in tandem with the Mathematics and Electrical Engineering departments in researching methods in fluorescence microscopy and applications to neural networks.

Autonomy Technology Research Center — Fairborn, OH
**ATR Center Summer Program Intern** — May 2020 - Aug. 2020

- Continued development of algorithmic and deep learning strategies to accomplish super resolution on general microscopy images.

Autonomy Technology Research Center — Fairborn, OH
**ATR Center Summer Program Intern** — May 2019 - Aug. 2019

- Developed algorithmic and deep learning strategies to accomplish super resolution on bacterial biofilms.
- Collaborated with multiple branches of the Air Force Research Lab to fuse methodologies from biology and electrical engineering.

NASA Langley Research Center — Hampton, VA
**Langley Aerospace Research Student Scholars Program** — June 2014 - Aug. 2014

- Continued research from 2013, specifically towards model validation and verification.
- Performed error estimation of the National Transonic Facility test section temperature map using experimental test data.

NASA Langley Research Center — Hampton, VA
**Langley Aerospace Research Student Scholars Program** — June 2013 - Aug. 2013

- Developed methodology for multi-fidelity data fusion for use in the National Transonic Facility during model testing and tunnel characterization.
- Developed a composite temperature profile map to predict the state of the test section temperature distribution.

**Academic Positions**

Purdue University — West Lafayette, IN
**Teaching Assistant** — August 2015 - August 2017
- Instructed for Calculus I and II, Applied Calculus, and Differential Equations.
- Wrote quizzes and exams for the various courses, in addition to working in the help room.

University of Nebraska - Lincoln — Lincoln, NE
**Undergraduate Coordinator of All Girls All Math** — March 2015 - August 2015
- Planned 2 week-long summer camps for girls interested in mathematics.
- Served as a teaching assistant for a cryptography course, covering such topics as modular arithmetic and RSA.

University of Nebraska - Lincoln — Lincoln, NE
**Undergraduate Learning Assistant** — January 2014 - May 2015
- Assist in teaching college algebra curriculum to undergraduate students.
- Work collaboratively with a graduate instructor to develop strategies to improve the course.

University of Nebraska - Lincoln — Lincoln, NE
**Athletic Tutor** — January 2013 - May 2015
- Worked with student athletes to deepen their understanding of coursework.
- Completed CRLA's International Tutor Training Program Certification to become a Certified Tutor, Level 1.

**Academic and Professional Honors**

- ORNL FY25 LDRD Early Career award — Winter 2024
- Acceptance to ORNL FY25 Early Career Professional Development Cohort — Winter 2024
- Best Graduate Presentation at ATRC Summer Review — Summer 2020
- PEO Indiana Chapter Nominee for the PEO Scholar Award — Selected Fall 2019
- Best Graduate Poster at ATRC Summer Review — Summer 2019
- Accepted to Purdue's Computational Interdisciplinary Graduate Program — Spring 2019
- Received the Excellence in Teaching Award from the Department of Mathematics — Fall 2018
- PEO Indiana Chapter Nominee for the PEO Scholar Award — Selected Fall 2018
- Mervin L. Keedy Scholarship (Purdue) — Awarded Spring 2015
- Regents Scholarship (UNL) — Awarded Fall 2011
- D & F Eastmann Scholarship (UNL) — Awarded Fall 2013
- Dean's List, College of Arts & Sciences (UNL) — Fall 2012 - Spring 2015

**Presentations**

- Technical exchange in Denver with KTH Royal Institute of Technology Summer 2025
- Invited speaker at American Control Conference's Resilient Cyber-Physical-Human Systems Workshop Summer 2025
- Illuminating the Night: A Multimodal Fusion Approach to Super-Resolving Nighttime Light Images at ASPRS South Conference Spring 2025
- Invited speaker at Berkeley's Technical Exchange with KTH Royal Institute of Technology, Lawrence Livermore National Laboratory, and Stanford Linear ACcelerator National Laboratory Spring 2025
- Panelist for "Computational Imaging at the Edge of Chaos" at IS&T's Computational Imaging Conference Winter 2025
- Invited visitor at the Frost Institute for Data Science and Computing's Digital Twin Workshop Winter 2025
- Invited visitor at Air Force Institute of Technology and Autonomous Technology Research Center's summer review Summer 2024
- Technical exchange in Stockholm with KTH Royal Institute of Technology Summer 2024
- Invited panelist for Purdue's Career Path from Academics to Industry Panel Spring 2023
- Accepted as a Presenter for the 2022 SIAM Conference on Imaging Science Winter 2021
- Invited speaker at Oak Ridge National Lab seminar Spring 2021
- Invited speaker at the Air Force Research Lab's MachIne And Computational Learning Exploration (MIrACLE) seminar February 2021
- Invited speaker at Argonne National Lab seminar February 2021
- Accepted as a Presenter for the 2021 Electronic Imaging Conference Winter 2020
- Accepted as a Presenter for the 2020 SIAM Conference on Imaging Science Summer 2020
- Invited speaker at Air Force Research Lab's biweekly Bio-RT meeting Winter 2019
- Accepted as a Presenter for the 2020 Electronic Imaging Conference Winter 2019

---

**Leadership and Involvement**

- Planned Parenthood Volunteer — Spring 2025 - present
- Session Chair for IS&T's Computational Imaging Conference — Winter 2025
- ORNL Early Career Development Program FY25 Cohort — Winter 2025 - Winter 2026
- Girls INC Volunteer — Winter 2025
- ORNL Summer Internship Mentor — Summer 2023, 2024, 2025
- Young Williams Animal Shelter Volunteer — Spring 2023 - Summer 2023
- Program Committee for IS&T's Computational Imaging Conference — Winter 2023 - present
- Reviewer for IEEE Transactions on Geoscience and Remote Sensing — Spring 2022 - present
- IEEE Member — Fall 2020 - present
- IS&T Member — Fall 2020 - present
- Reviewer for IEEE Transactions on Computational Imaging — Summer 2019 - present
- Community Chair for IS&T's Electronic Imaging conference — Winter 2021
- Graduate Student Representative for College of Science Appeals — Fall 2019 - Summer 2021
- Department Senator in Purdue Graduate Student Government — Fall 2018 - Spring 2019
- Graduate Representative for the Purdue Department of Mathematics — Fall 2017 - Spring 2018
- Pi Mu Epsilon - Nebraska Alpha Chapter, President — Fall 2014 - Spring 2015
- Math Club - President — Fall 2014 - Spring 2015
- American Institute of Aeronautics and Astronautics, Student Chapter Member — Fall 2012 - Spring 2015
- Alpha Delta Pi Sorority - Executive Committee Member — Fall 2014
