

## Project / Portfolio Management Application

### Disclosure Number

201603688

### Technology Summary

The invention relates to software and more specifically to an application for managing one or more projects. The project / portfolio management application provides on simple, one-stop dashboard for reviewing the present status of a project. Project set up is done in a few steps and project updates can be entered quickly. Project status is provided graphically and summarizes status of: milestones, costs, and project percent completion.
