

Spherical Ferrite Bead and Method of Making

Disclosure Number

200100901

Technology Summary

A method for making spherical beads of hexagonal ferrites ($\text{BaFe}_{12}\text{O}_{19}$ and $\text{SrFe}_{12}\text{O}_{19}$). The bead produced by the method of the subject invention may be used as an oscillator in various microwave components or it may be dispersed in a polymer matrix or coating.
